

Cable for inserting the light module

Overview

A 6-point SPLITTER with a MINI plug is a 15cm long cable terminated with a mini connector plug. Our LED Module Accessories collection offers a full set of essential components tailored for LED screen assembly and maintenance. The MINI extension is in white and. Amphenol's BrightConnX™ lighting interconnects are compliant with the two dominant standards bodies, NEMA/ANSI and Zhaga, and are used in various lighting applications including exterior lighting, street and area lighting, and interior lighting. Incorrect connection can not only lead to a loss of brightness, but can also shorten. Professional Lighting Cable Connectors, Wide range from Wago, CamdenBoss, & RS PRO. Voltage drop occurs when current travels through long or undersized wires.
