

Computer Room Power Distribution Box Factory

Overview

PowerBox factory offers a vast range of PDUs, distro boxes, racks, panels, adapters, cable extensions and splitters to safely manage power distribution, all designed and built to be fully compliant with the safety regulations. Our production includes innovative customized sub-assembly of component. What is a server rack PDU?

A PDU or Power distribution unit is typically found as power strips and distribute the power from the mains supply to several sockets. They are primarily used in data centers, server and technology rooms or offices. Standard off the shelf or Custom Made. It comprehensively collects. ACS/Uni-Fab Lab Boxes, Power Points and Floor Boxes are the building blocks for a unique, user friendly system of Computer Room Power Distribution assemblies.
