

Distribution Box Planning Permit

Overview

This guide explains when permission is required, when containers may be considered temporary, and how councils assess change of use and planning risk. Do I Need Planning Permission for Storage Containers?

(UK Guide 2025) Quick answer: Do you need planning permission for storage. The erection, extension or alteration of an industrial building or warehouse is considered to be permitted development, not requiring an application for planning permission, subject to the following limits and conditions shown below. No new building to be higher than 5m, if within 10m of the. There are 2 main types of application – applications for full planning permission and applications for outline planning permission. Applications can also be made for: non-planning consents (such as advertisement consent, consent required under a Tree Preservation Order and hazardous substances. Do You Need Planning Permission for a Shipping Container?

The need for planning permission depends on several factors, including the container's size, location, and intended use. These rights apply in England and are broadly similar across the rest of the UK.
