

Explosion-proof distribution box and explosion-proof frequency converter cabinet

Overview

Customized explosion-proof distribution cabinet with built-in frequency converter. It mainly adjusts the speed of ordinary three-phase asynchronous motors by changing their output frequency to meet production process requirements or achieve electrification. Manufacture custom made Local Control Stations & Distribution Boxes, local control panel boards and stations, explosion protected control units, distribution. Terminal boxes and junction boxes from Pepperl+Fuchs are designed to protect signal and power distribution networks in explosion-hazardous and challenging environments. With a wide range of enclosure materials, sizes, ambient temperature ranges, and customizable configurations, these solutions can. R. Explosive gas mixtures: Class IIA, IIB, and IIC.
