

Fiber optic installation materials desktop wholesale price

Overview

For fiber cable materials only, expect \$0.52 per foot for wholesale bulk purchases, or \$1 to \$6 per foot at retail. The wide price range reflects differences in fiber strand count, outer jacket construction, and application type. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000. Single-mode fiber costs less per foot than multimode fiber, but it requires more. CableWholesale is a fiber optic products supplier with a variety of cables, connectors, and converters at wholesale prices. **CERTIFIED TECH SUPPORT:** To help you in product selection & fiber installation concepts, all of our Sales Technicians and Support Personnel are Certified Fiber Optic Installers. **OUTSTANDING PRICES & STOCK:** Including 10-GIG+, OM3, OM4 and MTP/MPO fiber optic cables! **OVERNIGHT SHIPPING:** Same day on. Home and business fiber optics projects typically range from a few hundred to several thousand dollars, depending on run length, fiber type, and labor needs. The main cost drivers are materials, installation time, and environmental factors that affect trenching, conduit, and terminations.
