

Fiber optic patch cord placed outdoors

Overview

Waterproof fiber patch cables offer unparalleled protection against moisture and environmental elements, making them ideal for outdoor networking applications. These cables ensure reliable connectivity in harsh weather conditions, preventing signal loss and maintaining consistent. RLH Outdoor Fiber Patch Cords are Made in the USA and a perfect fit for long runs or outdoor installation where you need to patch between two end devices. Select a configuration, select the cable length, and order! Need an out-of-the-ordinary cable assembly?

Ask us about customizing your Fiber. Fibers sit loosely inside gel-filled tubes that block moisture and buffer thermal expansion. Best for long-distance outdoor runs, harsh climates, or buried installations. Fibers are laid out in flat ribbons that allow fast mass fusion splicing.
