

Fire-retardant polyethylene optical cable

Overview

Certified to B2ca CPR and FE180 fire-resistance standards, these cables maintain optical integrity under extreme heat and flame exposure—ideal for tunnels, hospitals, airports, industrial plants, data centers, and railway networks. Fire resistance and Dca, Cca & B2ca Euroclasses optical cables. Loose tube cables for indoor and outdoor. bus control cable, suitable for cable tracks with UL recognition, CSA. ETK Kablo 's fire-resistant fiber optic cables ensure continuous data transmission during fire conditions, safeguarding critical communication lines when reliability is most crucial. Our fire resistant cable range is designed to ensure that. einforced Plastic (FRP) armouring. This brings flexibility and lower bending radius tha provides a high rodent protection.
