

Galvanized cable trays for low-voltage applications

Overview

Discover premium pre galvanized cable trays offering superior corrosion protection, cost-effective installation, and versatile application options for efficient cable management systems. ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing), directly from production facilities in Canada and Saudi Arabia. All illustrations, descriptions and technical information included in this document are provided as indications and can cable trays are equivalent. All cable trays that were originally made from these materials do have high improvements, designed with 100% flexibility. Over the past 55+ years, MP Husky US Cable Tray has engineered and manufactured the most reliable, highest quality, cost effective and innovative cable trays systems. Constructed from high-quality welded steel wire, Cablofil® Wire Mesh Cable Tray is the result of decades of research and over 94,000 miles of installed tray across the globe.
