

Guatemala Certified Outdoor Distribution Box 4-core

Overview

Waterproof IP65 4-core fiber optic distribution box with SC ports for FTTH, FTTB, and FTTX. Wall mountable, ABS body, lockable, with 5 cable ports and 1x8 splitter space. The fiber splitter distribution box supports fiber splicing, splitting, distribution, "three in one" and fiber optic distribution box also offers solid protection. The 4-core optical fiber distribution box is used for the fusion splicing, splitting, wiring transmission and other functions of the optical transmission terminal. It can effectively terminate, protect and manage the optical cable. It is a necessary equipment in network transmission. The JUNPU 4 fiber drop box is a light and compact wall-mountable enclosure for the termination of up to four fibers. It has been designed to serve as a building entry point for FTTH applications but is also a perfect choice for all types of FTTX applications.
