

Intelligent power distribution cabinet protective cover

Overview

This transparent protective cover is designed for panels and control cabinets, providing maximum protection in demanding industrial and environmental conditions. ABB offers a total EV charging solution from compact, high quality AC wall boxes, reliable DC fast charging stations with robust connectivity, to innovative on-demand electric bus charging systems, we deploy infrastructure that meet the needs of the next generation of smarter mobility. Made from high-quality polycarbonate (PC), it is resistant to water, dust, impact, and corrosion. Our heat-permeable and waterproof special material. ABB's Control Room offering includes a comprehensive range of solutions designed to optimize the operator workspace for critical 24/7 processes across various industries. The control room is considered one of the most critical areas in any facility, impacting daily decision-making and overall. MICO is the intelligent power distribution module from Murrelektronik for 12VDC, 24VDC or 48VDC. It monitors currents, indicates when approaching the maximum load and makes targeted shut downs during over-stress or short circuits. This makes sure systems run at maximum capacity. Learn More Designed to provide 50-300 kVA power in small to mid-sized data centers, the Liebert® TFX PDU offers reliable.
