

# Laos Mobile Broadband Fiber Optic Cable

## Overview

In 2023, Laos made a major leap in its telecommunications system by installing 98,524 kilometers of fiber optic cable, an investment that significantly extended mobile signal coverage to remote areas. Officials announced the development on 26 June during the 9th Ordinary Session of the National Assembly. The expansion is part of a broader plan to prepare the Lao National Broadband Plan for the period of 2021-2025. For a SMS text to Laos, send +85620 xxxx xxxx. From the USA to Laos dial 011 856 then the area. Key Insight: Laos has seen significant advancements in its fiber optic infrastructure, with coverage reaching 45% across the country. Average. The Complete list of internet companies in Laos, Vientiane and other regions provides Satellite & VSAT, Business Internet, Cable Internet access, DSL, ADSL, SDSL, VDSL, Dial-up access, Fiber to the home, Mobile broadband, Home Internet, Wi-Fi and various types of services. Initial email services for the Internet in Laos began in December 1994 at the Lao National Polytechnic Institute, with limited access expanding around 1997 through dial-up connections facilitated by the state-owned Enterprise of Telecommunications of Laos (ETL), amid broader telecommunications.
