

Nepal SFP Optical Module 40G

Overview

The 40G QSFP+ ER4 optical transceiver is designed for high-speed 40G Ethernet transmission over single-mode fiber (SMF). It supports long-distance communication from 10km up to 60km, making it ideal for data centers, ISP backbone, and metro networks. Why Are SFP and QSFP Prices Different?

Many customers ask why the prices of SFP and QSFP modules are different even when the speed looks similar. Excluding Shipping & Custom charges (Shipping and custom charges will be calculated on checkout) Ubuy works hard to protect your security and privacy. Quick and delivery of innovative fire safety and electronic security solutions for better convenience and additional assurance Delivery and installation of security products before payment for trust and customer satisfaction 24/7 technical support from security experts to solve all your queries. Be the first to review this product! Meronetwork ERP 6.
