

Parameters of Asian Intelligent Lighting Distribution Box

Overview

Rated Operational Voltage (Ue): AC 380 V Rated Frequency (fn): 50 Hz Rated Current of Main Busbar (InA): 100 A ~ 10 A Rated Short-Time Withstand Current of Main Busbar (Icw): 4. 5 kA Enclosure Type: Indoor Degree of Protection: IP30 (Operating Face) IP20C (Other Surfaces)The intelligent lighting distribution box is equipped with smart driver modules, enabling automated control of power switching and lighting brightness through external sensors and predefined logical relationships set within the system components. Intelligent Control System Description: In a smart. We are good quality supplier of Lighting Distribution Box, Electrical Distribution Box and Weatherproof Distribution Box from China. © 2019 - 2026 Wuxi Fenigal Science & Technology Co. Want to know. This regional analysis examines major geographic markets North America, Europe, Asia-Pacific (APAC), Latin America, and Middle East & Africa (MEA) highlighting demand drivers, regulatory and competitive dynamics, channel structures, and tactical recommendations for market-entry and growth. System intelligence is built into every luminaire, monitoring and reacting to occupancy, pre-selected light levels and changes in ambient daylight levels. It comprehensively utilizes big data, cloud computing, and mobile internet to build an intelligent temporary power box management platform.
