

Professional ladder-type cable trays

Overview

Perforated rungs on a ladder-type tray securely fasten cables using cable ties. Additionally, their open design prevents moisture. As the industry leader in cable tray, Eaton offers one of the widest ranges of B-Line series cable management solutions available in the market today. With unmatched quality and service, we offer a variety of styles, materials and finishes available to support virtually any commercial and. There are several types of cable trays, including ladder, perforated, solid bottom, basket, and channel trays. Each cable tray type performs a different function and comes in various materials such as aluminum, galvanized steel, and FRP. What is Cable Tray?

A cable tray is a unit, or set of units. ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing), directly from production facilities in Canada and Saudi Arabia. Filter Results refresh instantly as you filter. Used to identify and differentiate offerings within a particular product line. Product families are typically. To blend the qualities of both the instruments the modern manufacturers came up with the uniquely designed ladder cable tray.
