

Rainproof welding distribution box

Overview

(1) Waterproof distribution box engineered for harsh outdoor and industrial environments, providing IP65–IP68 sealing against dust, rain, and UV. Built with durable materials, CE & ROHS certified. Contact us for custom solutions! Engineered for demanding environments, our robust power distribution box ensures exceptional reliability and safety. Featuring advanced IP67-rated waterproof and dustproof defense, it guarantees uninterrupted operation even under harsh conditions. The device belongs to one kind of resistance spot projection welding machine, it is composed of the machinery frame structure, welding transformer, control system, water-cooling welding cable and welding torch, etc. The main electrical circuit adopts the diode thyristor (SCR) contactless switch. The Merlin Gerin Stainless Steel Inner and Outer Door Rainproof Box BXG Series BXG/400×500×250 is a robust, weather-resistant enclosure designed to protect electrical components from the elements.
