

Six-core multimode fiber icon

Overview

Free transparent Six Core+multimode+fiber+icon vectors and icons in SVG format. Imm (main cord) Material Stainless Steel Color Silvery White UL94 V-0 (*Burning stops within 10 seconds on a vertical specimen, no drips of flaming particles.) *Exact product code is subject to the cable length. Specifications are correct at time of printing and subject to change or alteration. Single mode fiber optic cable is made up of a small diameter glass or plastic core surrounded by cladding, which is a layer of reflective material. This small diameter core, typically around 9 microns in diameter, allows only one mode of light to pass through, resulting in a narrower beam of light. 6 Fiber Multimode Fiber Optic Cables are available at Mouser Electronics. With an outer diameter (OD) of 5. B2B buyers should confirm application, quantity, quality standard, packaging.
