

# South Sudan Smart Building Fiber Optic Cable Manufacturer

## Overview

Bayobab, a wholesale fibre optic subsidiary of pan-African communications giant MTN Group, is planning to build a fibre optic cable network across South Sudan. Established with a clear vision to become the foremost communication infrastructure. IPTEC Limited is a South Sudan-based technology company providing internet connectivity and ICT infrastructure solutions to businesses, institutions, and organizations across the country. The company has grown to become a one-stop-shop for Digital service provider. The company presented the project on Thursday June 6 during a meeting with the National Communications Authority (NCA). This initiative is expected to help strengthen South. (LUSAKA) - South Sudan will begin the construction and installation of its national fibre optic cable in December, connecting the country to the Indian Ocean through Kenya in a major step toward improving internet access and digital infrastructure. Telecommunication Undersecretary Engineer Thomas.
