

UK supplier high-speed optoelectronic connection SFP

Overview

Switch SFP specialises in optical transceivers and network cabling, supporting all IT vendors. The Jisc Framework supports digital solutions for UK education and research, delivering vital infrastructure and shared services. Our products are picked & packed by our British warehouse team. When you buy from SFP Store. An SFP stands for Small Form-Factor Pluggable also known as miniGBIC (gigabit interface converter). An SFP module is a compact optical modular transceiver used in communication networks that plugs into an SFP port on a network switch, media converter or server for transmitting and receiving data. Welcome to Tech Supplier Ltd, your premier destination for high-quality networking components. We provide all available transceiver formats, for all major vendors: guaranteed compatible products for SFP, SFP+, SFP28, QSFP+, QSFP28, QSFP-DD formats, as well as CWDM and DWDM optics and mux solutions. We also provide fibre and copper.
