

# What color is the outdoor distribution box

## Overview

Heitronic 21046 Distribution box is a green garden power distributor designed for outdoor use. It acts as a power splitter, providing multiple outlets for safely distributing electricity in gardens. It includes fault interrupters. ☐☐ Quick Answer: An outdoor electrical junction box is a weatherproof enclosure where electrical wires connect or split, required by code to protect connections from moisture, provide safe access for maintenance, and prevent electrical hazards in exterior applications. Key design points include high-quality materials like ABS plastic, aluminum, and stainless steel that resist corrosion and UV. The appearance color is customized, and customers can choose a color suitable for local aesthetics for the distribution box shell Customization of raw materials. Any feedback?

Please let us know This wall mount fiber optic enclosure is meant for outdoor use and can accommodate up.
