

What size support bracket is needed for a 600 cable tray

Overview

The 600mm double tier cable tray trapeze bracket is a prefabricated, ready-to-use support designed for securely suspending cable trays up to 600mm wide with a 500mm drop. Built from hot-dip galvanised (HDG) steel, it provides long-lasting strength, corrosion resistance, and. A cable support system consists of cable support lengths and system components, such as cable support fittings, support elements, mounting elements and system accessories. The cable support lengths and fittings can basically be designed as cable trays, cable ladders or mesh cable trays, in which. Streamline your cable management installation with our 600mm Cable Tray Trapeze Support Bracket Kit, designed for easy on-site assembly. This kit offers all the essential components needed to build a robust support system for cable trays up to 600mm wide, with a 500mm drop, providing a. This 600mm cable tray bracket is a fully pre-assembled trapeze-style support, designed to suspend medium-duty cable trays from overhead threaded rod systems. With a 300mm drop and made from pre-galvanised (PG) steel, it ensures strength, speed of installation, and long-lasting reliability. Produced to comply with the requirements of BS6946 Metal Channel Support Systems.
